

Hazardous Substance Training

Health & Safety Regulations require that “Every employer shall take all practicable steps to ensure that every employee who does work of any kind, or uses plant of any kind, or deals with a substance of any kind, in a place of work—

(b) Is adequately trained in the safe use of all plant, objects, substances, and protective clothing and equipment that the employee is or may be required to use or handle.”

Fire & Hazard Training Services have been offering workplace fire safety, hazardous substance and breathing apparatus training in Canterbury since 1997. Our qualified team of instructors have extensive practical fire-fighting, hazardous substance and search and rescue experience that adds value to your training experience.
